

**W**e would like to take this opportunity to thank you for your continued unwavering support. We have managed to build a sustainable take-out business thanks to all of our beloved guests!

Theo and Mary opened their doors 44 years ago to the community and to guests from all corners of the globe and we are committed to carrying on this legacy! We are truly grateful to the Theodosakis family who have stood by our side encouraging us to carry on and supporting our efforts during this Pandemic. We managed to keep our doors open during the Covid crisis and we were able to keep a few of our valued staff working with take-out. We are truly grateful to the community.

Everyone's safety is our top priority, both guests and staffers. Theo's will follow the prescribed guidelines as issued by Worksafe BC to ensure we create a safe and secure experience for all. Dining will look a bit different but rest assured, Theo's atmosphere will still shine through!

Building on our cleaning standards already in place, we will be committed to the following protocols:

- Hand sanitization stations are at the entry way, exit way and by all strategic locations including washrooms.
- All staff have been trained in our revised cleaning, handwashing, and disinfecting protocols.
- Common high touch areas will be sanitized every 30 minutes.
- Central cashier station to minimize touching of debit/credit machines for guests who choose to pay this way.
- All guests will be asked to maintain 6 feet of physical distancing.
- Clear markings are on the tile floor for guest spacing and directional flow.
- Guests will be greeted outside and will wait outside until called in to their table.
- All tables are spaced to maintain 6 feet of distance.
- Tabletops will look a little bare, to accommodate the new recommendations.
- We have touchless digital menus for your convenience using QR Code Technology.

Although service will look a little different than it used to, the experience of engaging all your senses with tasty food and warm atmosphere will remain unchanged. Our staff are very excited to reopen and see all those familiar faces and hopefully new ones as well!

Our most sincere thanks,

A handwritten signature in black ink, appearing to read 'Gregory Condonopoulos', with a long horizontal line extending to the right.

Gregory Condonopoulos (Condon) MBA
